F. FUND BALANCE REQUIRMENTS

The Town of Amherst maintains a Fund Balance Policy to ensure that the Town has adequate funds to address emergency situations and ensure the Town’s credit worthiness. Required balances for the FY20 fiscal year are as follows:

General Fund Permanent Fund		\$ 290,498
General Fund Contingency		\$ 31,527
Water Fund Permanent Fund		\$ 470,788
Sewer Fund Permanent Fund		\$ 422,599

G. PERSONNEL

There were salary adjustments made in one department to complete the Town’s commitment to realigning salaries with the marketplace as outlined in the salary study. These adjustments are the final adjustments that will be made to complete the Town’s commitment made as a part of the study.

To maintain the work that has been done to keep salaries fair and competitive, the budget includes a Cost of Living increase for all employees of 1.53%, consistent with the cost of the consumer price index as shown by the 2018 calendar year.

Additionally, employees with a satisfactory review who have met their yearly performance goals shall also receive a 2% step increase.

Health insurance costs and plans remain the same this year from last year.

H. CONDITIONS

The intent being to authorize spending according to this budget, all appropriations articulated herein are declared to be maximum and conditional such that outlay shall be made only in the event the aggregate revenues collected and other resources available to the Town in the respective funds are sufficient. All debts of the Town shall be paid in full when due and payable. All expenditures shall be made in accordance with the Ordinance, the Town Charter, Town Code and Purchasing Policy and administrative rules and procedures.

This Ordinance was passed by a vote of the Amherst Town Council on the 12th of June, 2019 and shall become effective on July 1, 2019.

Town of Amherst Utility Rate and Fee Policy

For FY 2019/20

Initiation or Termination of Service:

Requests to initiate or terminate Town water, sewer and/or refuse collection (utility) service are accepted at the Town Hall (434/946-7885) 9-5, M-F for processing by the Utilities Department. All new customers and changes to the party to be billed are charged a \$50.00 account set-up fee/ reconnection fee/trip charge at the time the account is opened and are required to show proper identification. All requests are to be in writing on a form available at the Town Hall.

Residential Customers:

All active customers shall be charged one Residential Base Charge each month for each individual residential unit, as designated consistent with building and zoning practices. Customers are charged for water and sewer usage based upon metered water usage.

<u>Rate Component</u>	<u>In Town Residential Base Charge</u>	<u>In Town Use Charge per 1,000 gallons</u>	<u>Out of Town Residential Base Charge</u>	<u>Out of Town Use Charge per 1,000 gallons</u>
Water:				
Effective July 1, 2017	\$15.60	\$7.75	\$31.20	\$15.50
Sewer:				
Effective July 1, 2017	\$27.35	\$6.85	\$54.70	\$13.70
Curbside Refuse Collection:				
Effective July 1, 2016	\$10.60		\$10.60	

Nonresidential Customers:

Base charges for non-residential water and sewer users will be computed by dividing metered use by 3,250 gallons and then multiplying by the applicable residential base charge. This applies to all non-residential users except for churches that shall be assessed on the same basis as residences. The applicable residential charge shall be assessed for each residential unit for Curbside Refuse Collection.

Curbside Refuse Collection:

All in-town water customers shall receive curbside refuse collection service and refuse collection services will not be provided to non-water customers.

Fire Sprinkler Fees

Fire sprinkler fees are as follows:

4" Line	\$17.00/Month
6" Line	\$28.00/Month
8" Line	\$39.00/Month
10" Line	\$50.00/Month

Charges for Water Not Discharged to Sewer:

The Town charges for sewer based on 100% return of the water to the sewer system for those Town water customers that are connected to the Town of Amherst wastewater collection and system. However, any customer may request that the Town install a separate "irrigation" meter for water that does not return to the sewer system – i.e. for lawn sprinkling or irrigation. For the purposes of billing, the irrigation meter shall be considered a separate account. Separate application and connection fees are required to be paid, and once activated the water-only (no sewer or refuse collection fees apply) will be billed separately. All irrigation systems must meet the provisions of the Cross Connection Control Ordinance (§17-14 of the Town Code).

Dormant Account Fees:

A dormant account fee of \$5.00/month/residence or business for water and \$10.00/month/residence or business for sewer will be charged to every property owner that is connected to the respective utility, has used the service in the past, but not actively using the respective service. Dormant account fees shall not be applied to accounts associated only with yard hydrants, irrigation systems or swimming pools.

Reconnection Fee:

A reconnection fee/trip charge of \$50 will be charged for any activation or reactivation of utility service due to a request for new service, reactivation from disconnection due to nonpayment or a customer-requested disconnection/reconnection. This fee may be waived at the Office Manager's sole discretion due to emergency or irregular situations.

Re-reads Charges:

The Town staff reviews water meter readings for accuracy and investigates suspected incorrect readings prior to mailing bills. In the case of a billing dispute, a customer may request that the Town re-read the customer's water meter. However, if the customer's water meter has already been re-read by the Town during the billing cycle in question, a \$20 trip fee will be charged to offset the cost of a Town employee making a second re-reading trip to the customer's meter. This charge will be added to the customer's next bill.

Billing:

Water meters are read every month and bills are calculated based upon the consumption recorded. All customers are billed every month. Bills are assigned a billing date which is normally the last day of the month during which the meter is read and then mailed to the customer. Payment is due by 5:00 P.M. on the 20th day of each month except when the 20th falls on a weekend or Town holiday the due date shall become 5:00 P.M. on the next business day. When a past due balance on any account is greater than \$200, a lien for the balance due plus any court recording fees will be recorded against the real estate. **Property owners are held responsible for utility bills against their properties.**

Adjustments for Leaks:

A property owner is responsible for paying for 100% of the water that has passed through the Town's water meter along with the associated sewer charges. However, in good-faith situations involving water that has leaked from the customer's plumbing, and upon confirmation by the owner that the leak is repaired so that it will not recur, the Office Manager is authorized to give a 50% credit for the excess water and sewer at the time of confirmation and for no more than the two preceding bills, if applicable. "Repaired" is defined as physical repairs to the owner's plumbing such as pipe patching, replacement of the flapper mechanism in a toilet tank, or physical replacement or removal of a plumbing fixture. For the purposes of this leak adjustment policy, merely closing a valve upstream of the leak location shall not be considered a repair.

Late Payment Charges and Disconnect Procedures:

The Town will assess a late charge of 10% on all accounts when the payment is not received by 5:00 P.M. on the due date. All payments received after 5:00 P.M. are processed as the next business day's receipts. If a customer receives a bill with a previous bill balance, the previous balance must be received by 5:00 P.M. on the 2nd Monday of the month following receipt of that bill. If the previous balance is not received by that time the customer will be put on the Town's disconnect list for the following morning.

Restoration of Service:

If a customer has not paid the previous balance on an account by the disconnection date or otherwise made arrangements satisfactory to the Office Manager to have the balance paid, the water service will be terminated. Before any service is restored, the past due amount including the \$50.00 reconnection fee/trip charge must be physically received by the Office Manager at 174 South Main Street in the Town of Amherst. Funds will not be accepted from customers at the service location. The \$50.00 reconnection fee/trip charge will also be charged where a customer, or any entity other than the Town, has obtained water and/or sewer service prior to all applicable fees and/or charges being paid to obtain service and/or has installed a meter or other apparatus in a meter setting to gain access to public water/sewer.

In recognition that circumstances beyond the control of the customer or the Town of Amherst may contribute to late payments, a once per lifetime per customer exception to the penalty and reconnect fee may be granted for good reason at the Office Manager's sole discretion.

Returned Payments:

Any payments not honored by the bank, whether check, or credit card payment, will be charged a \$50.00 handling fee and any bank fees (Reference VA Code §15.2-106). Service shall automatically be disconnected when a payment to pay to prevent service from being disconnected or to reconnect a service is returned or charged back to the Town for any reason. If the returned payment was paid to prevent termination of services then the past due balance, the returned payment handling fee and a reconnection fee/trip charge shall be collected prior to service being restored via cash, money order or certified check. Once the Town has received a returned payment on an account more than one time, the Town will not accept any forms of payment other than cash or certified funds for a period of six (6) months for that account.

Any payments received by 5:00 P.M. on each business day will be credited the same day. Any payments received after 5:00 P.M. (including those received via U.S. Mail and the Town's drop box) will be credited as being received the next business day.

Payment Arrangements:

The Office Manager is authorized to enter into a payment contract if a customer cannot pay his previous balance in full. Each customer account is only allowed one (1) payment arrangement per calendar year. There is a standard "agreement" form that is available at the Town office and must be signed by the person on the account. The Office Manager may make arrangements that deviate from the standard policy only in extreme situations.

Fire Hydrant Use:

Water may not be obtained from the Town of Amherst hydrants except by the Amherst Volunteer Fire Department or other approved firefighting agency. The Office Manager (434/946-7885) should be contacted for the application form for a permit to haul water from the Town of Amherst water plant.

Cross Connections:

As required by the Virginia Department of Health, where a high potential exists for contamination of the Town's municipal water system, a backflow prevention device approved by the Town of Amherst must be installed. This includes irrigation systems. Where required, the owner of the backflow prevention device must have annual tests performed to certify that the device is working correctly. Failure to install and operate such devices and/or provide certification or the test results to the Town of Amherst may result in the interruption of water service. (Reference §17-14 of the Town Code)

Sewer Connections and Discharges:

Connections to and discharges into the Town's sewer system must conform to local, state and federal sewage pretreatment regulations. This includes the installation of grease traps for restaurants and grit traps for car washes. Failure to meet such provisions may result in the interruption of sewer service via disconnection of the water service or other means. (Reference §17-15 of the Town Code)
