Amherst Town Council Retreat

February 27, 2021

**Public Meeting Room
Amherst County Administration Building**

Notes

Mayor Tuggle called the meeting to order at 9:00 a.m. In addition to the Mayor, Council members Bunch, Carton, Turner, Watts, and Wheaton were present, along with Town Manager Sara Carter, Facilitator Kimball Payne, and his colleague, Victoria McNiff.

Mr. Payne welcomed everyone and introduced Ms. McNiff. He reviewed the suggested goals for the retreat and the ground rules.

- Suggested goals for the retreat:
 - Work as a team and develop consensus
 - Identify priorities and develop a workplan for the next two years
 - Understand constraints to progress and identify means to overcome them

- Ground rules
 - Everyone participates
 - Engage
 - Be honest
 - Listen to each other
 - Respect different opinions
 - No idea is too outlandish
 - Seek to understand
 - Ask questions
 - Seek consensus (formal action at a future Council meeting)
 - Use the parking lot for issues that may evade consensus or require more background
 - Have fun
 - We will take breaks when it seems appropriate

Council accepted the suggested goals and ground rules by unanimous consent.

Mr. Payne then projected the summary of Council's last retreat in January 2019 and solicited comments on how things had gone since then.

Items “still to do” were captured on Flip Charts #1 & #2 as follows:

- Zoning & Subdivision Ordinance Review and Revision
- Brockman Park – site planning and grading; site plan for the former ACP site
- Town park – vision and plan
- Amherst Town Square
- Ambriar-Sweet Briar Trail (\$200-300K)

- More downtown events – **Not completed**

Budget Priorities 19/20

- Funding for Town events – **Completed**
- Document/Records Management Systems – **Not completed** (getting quotes)
- Renewal of Trash Contract – **Completed**

Mr. Payne asked if there were any surprises during the two-year period, events that weren't anticipated but needed to be responded to. The following were listed on Flip Chart #2:

- Pandemic; Cares Act Funding
- Staff Accident
- Pump Station Leak on 60 East
- Roof damage over Council Chambers
- The need to pivot on the budget; all agreed that the results were good

In response to the question, "Were there any missed opportunities," only two were mentioned (Flip Chart #3): the easement at the Police Department and the Dominion/ACP project and the proposed trailer park.

There was then a discussion about what challenges, threats, or opportunities were facing the town. The discussion was captured on Flip Charts #3 & #4.

- Town Park (an opportunity) – bridges, amenities, address soggy areas
- Pending lawsuits (two are active; noise about a 3rd)
- Brockman Park – an opportunity to develop a list of target industries [Economic Development in general]
- Downtown (an opportunity and a challenge)
- Town Square (an opportunity and a challenge)
- Relations with the County (a challenge)
- Unknowns, particularly from the State and Federal governments
- Police governance and oversight – regulations and/or limitations; accreditation seen as an opportunity
- New or increased water and wastewater treatment standards (dealing with PFAS & PFOS)
- The Sewer Fund in the years 2023-2030; challenges to the reserves in 2023-2028, possibly requiring a subsidy from the General Fund

Mr. Payne then asked Council to describe what the future of the town looked like, either what it was probably going to look like or what Council members wanted it to look like. The responses were captured on Flip Charts #5-7.

- Sidewalks – pedestrian friendly
- More restaurants & small businesses in general
- Parking
- Comprehensive Plan Update
 - Downtown element, possibly with design standards
 - Parks & Trails
- Address vacant and underutilized buildings
- Services to the elderly
- A park with a water feature

- Patio homes (density) – need to find a developer and assist with reducing risk
- Another grocery store
- Good relationship with Sweet Briar College
- Partnerships/collaboration (unity, recognized value, relationships, positive communications), between the following:
 - County
 - College
 - Town
 - Region
 - State (VDOT)
- Litter free
- Street signs (well-maintained) – a County responsibility
- Culverts and drains cleared and maintained (VDOT)

Because some of the desired activities might be implemented through the Capital Improvements Plan (CIP), Mr. Payne reviewed with Council the CIP proposal that was under review by the Planning Commission and asked about the capacity of the Town to fund capital projects. Ms. Carter responded (Flip Chart #7) that the Town had a healthy General Fund Reserve of \$1.8 million (compared to an annual budget of \$1.2 million) and that she felt the Town could address a project in the range of \$200,000 every year without negatively impacting the General Fund. She added that the Town could tackle a \$500,000 project every five (5) years, and a \$1 million project every ten (10) years without having to borrow.

Mr. Payne declared a break and asked Council members to come back from the break with three suggested priorities for Council and staff to address in the next two years. The suggestions were captured on Flip Charts # 8-10.

Priorities

- Facilitate conversation with the County; encourage citizen participation
- Clean up the Town – street signs, culverts, trash
- Economic Development – create a vision/strategic plan for the Industrial Development Authority (IDA); develop a business plan; consider changing the name to EDA (Economic Development Authority) but first understand the scope of an EDA versus an IDA; may need to change mindset
- New businesses downtown
- Relationships – County, college, town, businesses
- Utility infrastructure improvements; lines and capacities
- Economic Development
- Making the Town a destination – restaurants, recreation, amenities [identified by 3 Council members]
- Sidewalk improvements, Downtown Revitalization, improved aesthetics [identified by 3 Council members]

- Existing businesses relationships and new business attraction [identified by 2 Council members]
- County/Town collaboration
- Brockman Park and an IDA initiative; EDA?
- Continued improvements in Town Park
- A new park [not mentioned by any Council member but general agreement with mentioned by the facilitator]

Mr. Payne suggested that Council had identified three main areas of priority, what he termed the “Big Rocks” – Economic Development, Downtown Revitalization, Relationships (Flip Chart #11).

After lunch, Council focused on specific activities within each of the three areas of priority with a goal of developing a workplan for the next two years.

Actions in each of the three “Big Rock” areas were listed on Flip Charts #12 - #14.

Economic Development

- Discuss Brockman Park
- Explore a Town EDA – role, responsibility, authority, autonomy, scope, oversight
 1. Bring to Council a plan for a pathway forward for the IDA to become an EDA – within 6 months
 2. Advise the IDA about Council’s interest in exploring an EDA – now
 3. Convene a joint Town Council/IDA meeting
 4. Develop a workplan for the IDA/EDA with goals
- Comprehensive Plan Update (also relevant to Downtown Revitalization)
 - Process will be ongoing in 2021/22
 - Adoption of the revised plan in 2023

Downtown

- A component of the Comprehensive Plan
- Explore creating a façade improvement program, with incentives – within 6 months
- Review the previously developed walkability plan – now
- Develop a sidewalk plan in priority blocks – within 3 months
- Establish a business visitation program with an ongoing, monthly goal and a plan to complete the initial visitation of all businesses within 2 years

Relationships

1. Town Manager meet with the County Administrator and brief him on Council’s desire to improve relationships with the County – ASAP

2. Mayor and Chair meeting
3. Joint Town Council/Board of Supervisors meeting
4. Then engage Sweet Briar College – revise the utility agreement by January 2022

Mr. Payne then asked if there were enough resources in staff, time, and money to implement the workplan. This led into a discussion on the possible need, value, and cost of an assistant town manager to focus on activities such as downtown revitalization, the comprehensive plan, and capital projects. There was some reluctance expressed regarding the additional staff given concerns about the pandemic and the economy. Mr. Payne pointed out that some of Council's priorities had been priorities two years previously, at the last retreat, but had not been addressed due to the press of other activities. He suggested that, without additional resources, Council might find that its hopes regarding economic development, downtown revitalization, and sidewalks might still be unrealized at the next retreat in 2023.

After further discussion, Council asked that the Town Manager explore the (additional) resources necessary to implement the workplan and report back within 6 months. (Flip Chart #15)

Since there was still some time left, Ms. Carter asked Council to consider replacing or restoring the table and chairs in Council Chambers that had been damaged by water from the roof leak. She was directed to develop a plan for the layout and components, to get price quotes, and to report back to Council within 3 months.

Mr. Payne thanked the Council members for their active engagement and advised that, in the near future, he would have notes sent to Ms. Carter for review and distribution to Council.

Mayor Tuggle asked for a motion of adjournment and, on a motion by Ms. Carton, seconded by Ms. Wheaton and approved unanimously, the retreat was concluded at 2:00 p.m.
