3. Other Reports (Pgs. 35-41)
   a. Planning Commission– February 6, 2019 meeting minutes - attached
   b. Industrial Development Authority- February 4, 2019 meeting minutes- attached
   c. Robert E. Lee Soil and Water Conservation District

H. Discussion Items

1. Electric Power Franchise Bid Receipt– Sara Carter- Bids for franchises for electric power service in the Town are due at this meeting. If an acceptable bid is received, the next step is a public hearing for a franchise ordinance. Staff requests setting a public hearing for the March meeting for the Ordinance amendment.

2. Town of Amherst July 4th Celebration and First Responders Parade- Chief Shiflett- Staff is working on developing an event to be held on June 29th. Staff requests guidance from the Council for a total budget for the event. A parade, a band, and fireworks are contemplated, depending on costs and a set budget.

3. March meeting with the County Board of Supervisors – Sara Carter- In the interest of intergovernmental cooperation, County and Town staff have been working to organize a joint meeting with the Board of Supervisors twice a year. The first would be next month. Staff suggests gathering prior to the meeting for social time, and then have an abbreviated joint meeting prior to the regular meeting.

4. Amherst Mountain Biking Club (Pgs. 42-49)- Sara Carter- In order to proceed with a lease agreement with the Club for the property adjacent to the Industrial Park, and the one lot in the park, Council will need to hold a public hearing on the lease and approve the Planning Commission’s determination of substantial accord for the use. Staff requests that the Council set a public hearing for their March meeting for the lease.

5. Soil and Water Conservation District update (Pgs. 50)- Sara Carter- Anne Marie Roberts, with the Soil and Water Conservation District, is leaving her position to take a similar one with the James River Association. There may be changes to the programs she staffed.

6. Appropriation for Park Purchase (Pgs. 51-62)- Roll Call Vote- Sara Carter- Purchase of the park was completed on February 12, 2019. This vote would be to appropriate the money for the purchase for the purpose of the budget.

7. Resolution for Virginia Department of Health- Office of Drinking Water Loan (Pgs. 63)- Sara Carter- Attached is a resolution to apply for the VDH/ODW revolving loan fund for improvements to the Water Treatment Plan.

TOWN OF AMHERST, VIRGINIA
ADDENDUM 1
WATER TREATMENT PLANT ASSESSMENT PER
January 18, 2019

A preliminary engineering report entitled *Water Treatment Plant Assessment* dated July 17, 2017 was prepared for the Town of Amherst. This document identified short and long term needs for the water treatment plant as raw water pump station. The following Preliminary Engineering Report Addendum updates this document, identifies the most pressing needs, and programs a water treatment plant improvements project. Cost estimates for facility improvements are presented and summarized in the Appendix of this addendum.

Raw Water Pump Station

One of the pumps is new with an old motor. The other pump is old with a new motor. This pump station has exceeded its useful life and is in need of an upgrade. This upgrade would include:

- Pump station building upfit
- New pumps, electrical power supply and controls
- Variable Frequency Drives, with inverter duty motors
- New generator with automatic electrical transfer switch
- Communication controls with the water treatment facility
- Raw water intake improvements, including diverting debris from intake
- Automating backflushing of intake gate of debris initiated from the WTP
• SCADA Communication
• New security fencing

Flocculators/Sedimentation Basins

The flocculators and sedimentation basins are an ongoing improvement including rapid sludge removal and concrete repairs. Further improvements are not being considered at this time.

Raw Water Meter

The existing raw water meter has exceeded it’s useful life and should be replaced.

Filter Improvements

As noted previously Filters No. 3 and No. 4 were constructed in 1956 and have the original filter bottoms. Filters 1 and 2 were constructed in 1995. The “newer” filters are nearing the end of useful life set at 25 years old. The clearwell was cleaned out in November, 2018 and lime as well as filter sand was collecting in the bottom of the filter.

The filters are equipped with antiquated surface wash systems. An air wash system is the latest improvement to filter technology and improves water quality as well as filter run times. The air wash system consists of a blower, piping, and a filter air wash header. Additionally, the filter operating valves are manually actuated with floor stands blocking ingress/egress on the operating floor. These valves have exceeded useful life and need
replacement. We recommend all the valves be replaced with motor actuators and new butterfly valves.

Additionally, each filter would be equipped with a touch screen filter operating table to automate filter backwash operations. We summarize the filter improvements as follows:

- New filter underdrains for the 4 filters
- New filter media
- New state of the art air wash system including blower, piping, and filter air wash headers
- New motor actuated filter valves for each filter
- New SCADA touch screen in Lab and ability to operate from a tablet
- Upgraded filter piping
- New raw water influent valve

**WTP Pumping Facilities**

Pumping facilities include one backwash pump and three finished water pumps. All these pumps are antiquated and in need of replacement, including check valves and butterfly valves. The backwash pump and two of the finished water pumps should be equipped with variable frequency control technology for operational control.
Chemical Feed Facilities

New facilities are currently in place for feeding Delpac and HF. Similar feed facilities need to be provided for pH/alkalinity control. The soda ash dry chemical feeder is antiquated and in need of replacement. We recommend replacing this feed system with 25 percent caustic soda feed to eliminate the practice of bag handling/mixing.

Electrical Facilities

Power and controls in the water treatment facility are the highest priority issue for the plant. The existing motor control centers, electrical wiring, lighting, receptacles, and other electrical facilities are in dire need of an upgrade. New electrical power facilities should be isolated in a separate room to allow for “conditioned space”. A new SCADA system is needed to communicate with the distribution storage tanks, Waughs Ferry Road pump station, the Raw Water Pump Station as well as water treatment plant operations including filters, chemical feed systems, and pumping facilities.
Laboratory Improvements

Sinks need to be provided with sample stations for raw, mixed, applied, combined filter effluent and finished water piping. Other laboratory improvements include demolition of an interior wall, general upfit including painting, counter space, etc.

Sludge Lagoons

Water treatment plant residuals are discharged to two line lagoons adjacent to the plant. A lagoon pump station transfers the waste to the wastewater treatment plant. At the time of this inspection, the two pumps in the pump station have failed and a temporary pumping system is being used for this purpose.

It is recommended that the hydraulics associated with these pumps be investigated and new pumps be selected for this service. It is also open for consideration to provide a sludge holding tank in lieu of the lagoons. Plant personnel have difficulty “pushing” the sludge to the pump station. A new sludge holding tank would be equipped with new pumps and a submersible mixer to maintain sludge in suspension. We note this would eliminate the current “slug” method of sending sludge to the wastewater treatment plant. The wastewater treatment plant, at times, has difficulty handling these solids due to the limiting capacity factor associated with sludge drying.

Building Upfit

The water treatment plant building is in need of an upfit. Facility improvements include:

- Window Replacements (energy efficient)
- Painting
- Concrete / Block Repair
- Restroom Facilities
Waugh's Ferry Road Pump Station

The existing pump station is in need of an electrical generator and automatic transfer switch to ensure continuous duty for the pump station.

Other Potential Future Projects

Other potential future projects include:

- Construction of a new raw water pump station outside the 100 year flood plain with larger wetwell
- Expanded laboratory to allow for a certified lab

Mayor D. Dwayne Tuggle called a regular monthly meeting of the Amherst Town Council to order January 9, 2019, at 7:00 P.M. in the Council Chambers of the Town Hall at 174 S. Main Street. It was noted that a quorum was present as follows:

- P D. Dwayne Tuggle
- P Kenneth G. Bunch
- P Rachel A. Carton
- P Sarah G. Ogden
- P Kenneth S. Watts
- P Janice N. Wheaton

Town Manager Sara E. Carter, Town Attorney W. Thomas Berry, Clerk of Council Vicki K. Hunt, Office Manager Tracie L. Wright, Police Chief Robert A. Shiflett, II, Director of Plants Gary Williams, Lead Water Operator Becky L. Cash, and Utilities Maintenance Foreman Charles Thompson, and Wastewater Treatment Plant Operator Gary P. Smith, Jr., were present.

Recitation of the Pledge of Allegiance to the Flag was followed by an invocation by Charles Thompson.

Mayor D. Dwayne Tuggle opened the floor for citizen comment.

Patty Highley, 206 Glenway Drive, Amherst, VA, came forward in support of the leash law requesting that a requirement is included that dogs shall not be tethered.

After some discussion, a motion was made by Mr. Watts which was seconded by Mrs. Carton and carried 5-0 to approve the Resolution to Adopt and Effect the Organizational Plan for the Town of Amherst for the January 1, 2019 through December 31, 2020 Council Term having the effect of appointing a variety of positions and covering a series of items required by Town Code and Town Charter. Mmes. Carton, Ogden, Wheaton and Messrs. Watts and Bunch voted “Aye.” A copy of the Resolution is attached and made a part of these minutes.

Police Chief Shiflett, after giving recognition of the dedication of all officers in the Amherst Police Department, presented Antonio Dante Robinson with the first Officer of the Year Award recognizing his outstanding service to the Amherst Police Department and to the Town of Amherst.

After Town Manager Carter gave a background report, a duly advertised public hearing was opened at 7:12 PM on proposed amendment of Article IX, Special Provisions, Section 18.1-908 of the Zoning Ordinance, that would, if approved, make the Ordinance content neutral, in compliance with case law, and allow certain types of additional signage for businesses, and address the use of temporary signs.

Paul Kilgore, Town of Amherst, came forward in opposition of the sign ordinance stating that it is too restrictive and questioning whether anyone had complained about proliferation or overall look of signs. Mr. Kilgore also asked that Council pay attention to the perspective of size of signs to their location and that restrictions placed on signs not deter new businesses from coming to the community.

There being no one else present who wished to speak on the matter, the public hearing closed at 7:18 PM.

Mrs. Carton made a motion that was seconded by Mr. Watts to approve adoption of the proposed amendment to Article IX, Special Provisions, Section 18.1-908 of the Zoning Ordinance to make the ordinance content neutral, in compliance with case law, and allow certain types of additional signage for businesses, and address the use of temporary signs, with the understanding that further revisions will be made as necessary. After discussion, the motion carried 5-0 with Mmes. Carton, Ogden, Wheaton and Messrs. Watts and Bunch voting “Aye.” A copy of the amended ordinance is attached and made a part of these minutes.
Mrs. Carton made a motion that was seconded by Mrs. Ogden and carried 5-0 to approve the minutes from the December 12, 2018, meeting. Mmes. Carton, Ogden, Wheaton and Messrs. Watts and Bunch voted “Aye.”

Mrs. Carton gave an oral report on the January 9, 2019, Finance Committee meeting stating that movement and organization of town funds and new accounting software will be researched.

Town Manager Carter gave an oral report on the Potential Leash Law Survey stating that surveys continue to trend toward support of the leash law proposal. The surveys will be reviewed by the Community Relations Committee.

Mayor Tuggle led a discussion on creative ways to invite more community involvement on discussions pertaining to the potential leash law and the sign ordinance.

After discussion, Mr. Watts made a motion that was seconded by Mr. Bunch to direct Town Manager Carter to proceed with a proposal to sell and grant a franchise for the construction, maintenance, and operation of an electric power transmission and distribution system with all rights incident thereto, on, along, over, upon, and under the streets and other public places of the Town of Amherst, Virginia, inviting written bids for such franchise. The motion carried 5-0 with Mmes. Carton, Ogden, Wheaton and Messrs. Watts and Bunch voting “Aye.”

By consensus, the Utilities Committee will review the 2012 Memorandum of Understanding between the Robert E. Lee Soil and Water Conservation District, Amherst County and The Town of Amherst, as recommended by staff.

Mayor D. Dwayne Tuggle opened the floor for citizen comments.

Utilities Maintenance Foreman Thompson came forward in support of the Village Garden Club of Amherst and to thank the group for their continued hard work on beautification of the Town.

There being no further business, the meeting adjourned until January 12, 2019, at 9:00 AM on motion by Mrs. Ogden seconded by Mr. Bunch at 7:58 PM. The motion carried 5-0 with Mmes. Carton, Ogden, Wheaton and Messrs. Watts and Bunch voting “Aye.”

Clerk of Council
A RESOLUTION TO ADOPT AND EFFECT THE CONTINUATION OF GOVERNANCE FOR THE TOWN OF AMHERST FOR THE JANUARY 1, 2019 – DECEMBER 31, 2020 COUNCIL TERM.

WHEREAS, various provisions of Code of Virginia, the Town Charter and the Town Code as well as tradition indicate that the Town Council of the Town of Amherst, Virginia, should take certain actions following an election,

NOW, THEREFORE, BE IT RESOLVED by the Town Council of the Town of Amherst, Virginia, that the following organizational plan shall apply for the January 1, 2019 – December 31, 2020 Council term:

- **Election of Vice Mayor**: Pursuant to Article III, Section 3.01(9) of the Town Charter, Rachel Carton shall be elected Vice Mayor.

- **Continuation of Policies**:
  21. Pursuant to Article III, Section 3.01(10) of the Town Charter, Section 2-10 of the Town Code which establishes the regular date and place of the regular monthly Town Council meeting is hereby affirmed. Regular meetings shall begin at 7:00 PM. Special meetings may be called as per Section 2-11 of the Town Code.
  22. The rules of conduct for the meetings of the Town Council as established in Sections 2-12 through 2-40 of the Town Code are hereby affirmed.
  24. The Invocation Policy for the Town Council, as adopted on January 11, 2017, is hereby affirmed.
  25. The Personnel Policy adopted on June 14, 2006, effective on July 1, 2006 and last amended on October 10, 2018 is hereby affirmed.
  26. The Procurement Policy adopted on December 13, 2017 is hereby affirmed.
  27. The Policy for the Development of Agendas and Presentations to the Town Council shall be as follows:

    Most items considered by the Town Council are routine in nature or are arranged by the Town Manager. Some items are developed and presented by members of the Town Council or any of its various committees, boards and commissions. Materials supporting such issues are to be developed and distributed to the members of the Town Council as soon as practical or, at a minimum, along with the agenda materials.

    There are times when residents of the Town of Amherst, Town business operators, or other individuals desire to speak before the Town Council or request the Town Council to take action or otherwise react on a specific issue. The Town Council has found it difficult to appropriately respond in a timely manner if sufficient notice of the request is not given. Therefore, it is the policy of the Town Council of the Town of Amherst to require that a reproducible (8 ½ x 11) written description of any item to be
considered be submitted to the Town Manager by 5:00 PM on the first Wednesday of the month for the meeting to be held that month. Individuals are reminded that such information becomes public information, subject to the Freedom of Information Act, upon receipt at the Town Hall.

However, the Town Council feels that Town residents and business operators have the right to address the Town Council on any issue that may involve the Town. Any individual desiring to speak before the Council who has not met the deadline requirement noted above will be allowed a maximum of three minutes to speak before the Town Council. Any individual representing a bona fide group will be allowed a maximum of five minutes to speak before the Town Council. Placement on the agenda will be at the discretion of the Mayor. It is the Town Council's policy that agendas for regular monthly Town Council meetings will include time reserved at both the beginning and end of the meeting for hearing public comments.

The Town Council may waive this policy if it finds that strict adherence to its language is too restrictive.

- **Town Depository:** Pursuant to Article III, Section 3.01(15) of the Town Charter and Section 2-5 of the Town Code, all banks currently operating a branch inside the corporate limits of the Town of Amherst (Wells Fargo, BB&T, Carter Bank and Trust, Bank of the James and First National Bank) and SunTrust Bank, VML/VACO Virginia Investment Pool and the Local Government Investment Pool shall be considered approved places of deposit for Town funds. The Mayor, Town Manager and Treasurer are hereby authorized to execute all papers necessary to continue or effect new accounts.

- **Standing Council Committee Appointments:** The authority of the Town Council to appoint standing committees is established in §2-41 of the Town Code. The purpose of standing committees is (a) to facilitate policy decisions by the Town Council via review, preliminary discussion and investigation of various matters during preparation of their reports to the Town Council and (b) to act in an advisory capacity to the Town Manager and department heads but not to supplant the authority of either the Town Council or management. The following standing committees are hereby established, members appointed, and ongoing duties assigned accordingly:

4.1 **Finance Committee** – Rachel Carton (Chairman) and Kenneth S. Watts
- Monitor the budget development process.
- Review accounting procedures, budgets, and bookkeeping activities.
- Interface with auditors.

4.2 **Community Relations Committee and Recreation Committee** – Sarah B. Ogden (Chairman) and Janice N. Wheaton
- Monitor and review implementation of the Town’s bike trails and public parks.
- Review the Town's beautification efforts and programs.
- Interface with citizens, business operators, Sweet Briar College and VDOT.

4.3 **Utilities Committee** – Kenneth S. Watts (Chairman) and Kenneth G. Bunch
- Monitor the development and construction of capital improvement projects.
- Review proposed utility system upgrades and extensions.
- Interface and assist developers in coordinating Town policies with proposed new
developments.

• **Staff Appointments:** The following staff appointments are hereby made for the January 1, 2019 – December 31, 2020 Town Council term. The effect of this resolution shall be to appoint all individuals subject to the authority granted to the Town Council by the Town Charter.

  51 **Town Manager** - Pursuant to Article III, Section 21, 22, 23 and 24 of the Town Charter, Sara E. Carter is hereby appointed Town Manager with duties and authorities as outlined in Section 2-47.1 of the Town Code, other sections of the Town Code, the Charter, and the Code of Virginia and as may be assigned by the Town Council from time to time.

  52 **Town Clerk** – Pursuant to Section 2-47.2 of the Town Code, Vicki K. Hunt is hereby appointed Town Clerk with all duties and authorities as described in the Town Code.

  53 **Town Treasurer** – Pursuant to Section 2-47.3 of the Town Code, Tracie L. Wright is hereby appointed Town Treasurer with all duties and authorities as described in the Town Code. These duties shall be considered in addition to her duties as Office Manager.

  54 **Town Attorney** – Pursuant to Section 2-47.4 of the Town Code, W. Thomas Berry is hereby appointed Town Attorney with all duties and authorities as described in the Town Code. Remuneration shall be continued on a contractual basis.

  55 **Chief of Police** – Pursuant to Section 2-47.5 of the Town Code, Robert A. Shiflett is hereby appointed Chief of Police with all duties and authorities as described in the Town Code.

  56 **Town Engineer** – Herbert F. White, III is hereby appointed Town Engineer with duties as assigned from time to time by the Town Council or Town Manager. Remuneration shall be continued on a contractual basis.

• **Board Appointments:**

  61 Pursuant to Article II, Section 2 of the July, 2005 Virginia’s Region 2000 Local Government Council charter, Dwayne Tuggle and Sara Carter are hereby appointed to that board for the January 1, 2019 – December 31, 2020 term.

  62 Pursuant to Article III, Section 1 of the November 1999 Central Virginia Transportation Planning Council (MPO) bylaws, Dwayne Tuggle and Sara Carter are hereby appointed to that board for the January 1, 2019 – December 31, 2020 term.

  63 Pursuant to Article V of the April 17, 1972 Town-Sweet Briar sewer usage contract, Clifford Hart and Kenneth Watts are appointed to the Town/Sweet Briar Sewer Advisory Commission for the January 1, 2019 – December 31, 2020 term.

  64 Pursuant to Section 3.00 of the October 6, 1993 Town of Amherst/Amherst County annexation agreement, Kenneth S. Watts, Kenneth G. Bunch, and Sarah B. Ogden are appointed to the Joint Committee on Cooperation for the January 1, 2019 – December 31, 2020 term.
Pursuant to Section 18.1-1403 of the Town Code, Janice N. Wheaton is appointed as the Town Council’s representative on the **Town of Amherst Planning Commission** for a term to expire on December 31, 2020.

It is the intent of the Town Council that the terms for all appointments made by this resolution shall continue beyond the January 1, 2019 – December 31, 2020 Town Council term of office until successors are duly appointed.

*This Resolution was adopted by the Town Council of the Town of Amherst on January 9, 2019.*

______________________________
AN ORDINANCE TO AMEND THE CODE OF THE TOWN OF AMHERST BY AMENDING SECTION 18.1-908 OF CHAPTER 18.1 OF THE TOWN CODE, THE AMENDED CODE REFERRING TO SIGNS.

Be it Ordained by the Council of the Town of Amherst:

1. That Sec. 18.1-908 of the Code of the Town of Amherst is hereby amended to read as follows:

Sec. 18.1-908. SIGNS.

Sec. 18.1-908.01. Intent.

The intent of this section is to establish limitations on signs to ensure that they are appropriate to the neighborhood, building or use to which they are appurtenant and are adequate, but not excessive, for their intended purpose as a means of communication without adverse impact on the visual character of the area; to ensure that signs are compatible with their surroundings; to maintain and enhance the aesthetic environment of the Town of Amherst and its entrance corridors; to improve pedestrian and traffic safety; to minimize the possible adverse effect of signs on nearby public and private property; to avoid visual clutter that is potentially harmful to traffic and pedestrian safety, property values, and community appearance; to establish reasonable time, place, and manner provisions to facilitate the appropriate exercise of free speech; and to enable the fair and consistent enforcement of these sign regulations. Any display of off-premises signs is considered inappropriate to the character and sound development of the Town, and it is intended by this article that street and highway rights-of-way in the Town shall not be made available for such display unless erected and maintained by the Town of Amherst or another governmental entity. It is the policy of the Town of Amherst that the purpose of commercial signs is to attract patrons onto the site of business activity and not for brand promotion, advertising goods and services, or directing traffic to other locations.

Sec. 18.1-908.02. Calculation of sign area.

(a) Sign area shall be calculated as the area within a single rectangle, triangle, or circle and shall include all letters, figures, graphics or other elements of the sign together with the framework or background of the sign. Double faced signs (two sign faces back to back at not more than a 60 degree angle) shall be counted as one sign.

(b) Whenever an individual lot has not used all of its permissible sign area, then the unused portion may be used for displaying noncommercial messages.

Sec. 18.1-908.03. Signs shall pertain to the property.

Any commercial message carried by permitted signs shall pertain to the business located on the same premises as the sign; or to any otherwise lawful noncommercial message that does not direct attention to a business operated for profit, or to a commodity or service for sale, provided that signs erected on contiguous properties with the same owner may pertain to a business located on any such contiguous property. Billboards and other off-premises signs are prohibited except as expressly permitted by this ordinance.

Sec. 18.1-908.04. Permit required.

(a) Compliance. No sign, except those qualifying for permit exceptions, shall be constructed, erected,
relocated, expanded or otherwise altered until a sign permit has been obtained from the zoning administrator in accordance with the provisions of this section.

(b) Permit exceptions. A permit shall not be required for the following signs, but they shall be subject to all other applicable provisions of this article:

1. Repainting or refacing an existing sign or minor nonstructural repairs.
2. Signs specifically excluded from permit requirements.
3. Signs permitted in all sign districts as outlined in Sec. 18.1-908.06.

Sec. 18.1-908.05. Sign districts.

In order to meet the intent of this section, sign districts are hereby created to reflect the character of various areas in the Town. These districts are:

1. Commercial and industrial sign district. This district is designed to support retail and service businesses in the Town’s commercial areas. As such, it encompasses all Town lands zoned commercial or industrial.
2. Mixed Use district. This district is designed to support smaller scale retail and service businesses that are consistent with residential development. This district encompasses the Central Business and Transitional zoning districts.
3. Residential and agricultural sign district. This district encompasses residential and non-commercial areas to ensure that signage is in keeping with the character of these areas. As such, it includes all Town lands not included in the aforementioned sign district.

Sec. 18.1-908.06. Signs permitted in all sign districts.

(a) The following signs shall be permitted in all sign districts and shall not require a sign permit, unless otherwise indicated. The area of any sign described in this subsection shall not be included in computing the aggregate sign areas specified for individual districts.

1. Temporary signs. Temporary signs, which shall be non-illuminated and limited to the following types:
   a. When buildings are under construction or sites are under development, signs may be displayed provided that they are removed upon issuance of a certificate of occupancy. The maximum sign area of each such sign shall be 32 square feet.
   b. When a property is offered for lease or for sale, signs may be displayed provided that they are removed within five days of the date of closing or within five days of the beginning of the lease.
      1. In the residential sign and mixed use districts, the maximum aggregate sign area shall be four square feet and the maximum height shall be twelve feet.
      2. In the commercial and industrial sign district, the maximum aggregate sign area shall be thirty-two square feet and the maximum height shall be twelve feet.
   c. When a business in the mixed use or commercial and industrial sign district opens, temporary building-mounted signs and banners shall be permitted, provided that such sign or signs shall not be displayed for more than 30 days. The maximum aggregate sign area shall be 32 square feet.
   d. When a dwelling in a residential sign district is holding a yard sale, signs may be displayed for only 48 hours and only on the property where the yard sale will be held.
   e. For special events within the Town, any property owner may display up to two signs of up to four square feet each for up to five days in any 60 day period.
   f. Signs on private property that exercise the property owner’s right to free speech and express non-commercial messages such as ideals, causes, policies or candidates, provided that the aggregate sign area is not larger than 40 square feet in the mixed use and commercial and
industrial sign districts or 16 square feet in the residential and agricultural sign district, and the
total number of signs on a parcel cannot exceed two. Such signs shall be removed within 60 days
of installation, and no property can display such signs for more than a total of 120 days per year.

(2) Permanent signs.
   a. One sign at each parking lot entrance with no commercial logo or other message and not exceeding
      three square feet in area.
   b. Non-illuminated names of buildings, dates of erection, monumental citations, commemorative tablets,
      insignia of local, state or federal government, and like when carved into stone, concrete or similar
      material or made of bronze, aluminum or other permanent type construction and made an integral part
      of a building structure. The maximum size of such sign shall be 32 square feet.
   c. Usual and customary signs identifying disabled parking, rest rooms, directions, driving instructions or
      other facilities relating to such places or activities.
   d. Signs not visible from adjacent properties or public rights-of-way.

(3) Flags. Flags containing no commercial message are not regulated.

(4) Location on right of way. Signs installed on VDOT right of way under a VDOT permit. The Town will only
    assist in the VDOT permitting process with Town approved banners installed above S. Main Street on the
    existing banner bracket.

(5) Nonconforming. Any sign may remain in use provided that it was lawful at the time this ordinance was
    enacted. However, signage for any business shall be required to conform to all requirements of this
    ordinance as a condition of approval before any change to the signage for that business.

Sec. 18.1-908.07. Signs located in the commercial and industrial sign district.

For residential uses in the commercial and industrial sign district, signs shall be regulated as in the
residential and agricultural sign district. For all other uses, the following regulations shall apply:

(1) Freestanding signs.
   a. Number of freestanding signs permitted: One.
   b. Maximum sign area:
      i. 40 square feet.
      ii. For shopping centers of 60,000 square feet or greater of retail space, or single users of
          40,000 square feet or greater, 200 square feet total
   c. Maximum height: Twelve feet, or in the case of (ii) above, 25 feet.
   d. Setback: Seven feet.

(2) Building-mounted signs in the commercial and industrial sign district.
   a. Number of building-mounted signs permitted: Up to four on a single building, with a
      cumulative area of allowable size as listed in (2)b, or one per business in a shopping center.
   b. Maximum sign area:
      i. Mounted flat against the building: 60 square feet.
      ii. Projecting configuration: 12 square feet.
      iii. For shopping centers or large users, as defined in (1)b.ii, 120 square feet for the center.
      iv. Restaurants located in a B-2 district are also permitted to have up to 30 square feet of
          signage in menu boards, that is not counted against their cumulative sign average.
   c. Maximum height: All areas of building mounted signs shall be located below the
      ridge line of a gable roof building or the top of the parapet of a flat-roofed building.

Sec. 18.1-908.08. Signs located in the mixed use district.
For residential uses in the mixed use district, signs shall be regulated as in the residential and agricultural sign district. For all other uses, the following regulations shall apply:

(1) Freestanding signs.
   a. **Number of freestanding signs permitted:** One.
   b. **Maximum sign area:** 20 square feet.
   c. **Maximum height:** 10 feet
   d. **Setback:** 7 feet
   e. **Placement requirement:** Freestanding signs in this district shall be placed within a grass or landscaped area of at least 200 square feet.

(2) Building-mounted signs in the mixed use sign district.
   a. **Number of building mounted signs allowed:** Up to four on a single building, or one per business in a multi-tenant building.
   b. **Maximum sign area:** 60 square feet.
   c. **Projecting configuration:** 12 square feet.
   d. **Maximum height:** All areas of building mounted signs shall be located below the ridge line of a gable roof building or at the top of the parapet of a flat-roofed building.

**Sec. 18.1-908.09 Signs located in the residential and agricultural sign district.**

The following regulations shall apply in the residential and agricultural sign district:

(1) Single family, duplex and townhouse dwelling units. One building-mounted or freestanding sign, not exceeding two square feet in area for each dwelling unit, indicating only the street address of the property, shall be permitted.

(2) Multi-family buildings. One or more building-mounted signs, not exceeding in the aggregate ten square feet per building, shall be permitted.

(3) Subdivisions, apartment or condominium complexes and planned developments. Freestanding signs, with maximum total area of 24 square feet, shall be permitted. No more than two signs shall be permitted for each street frontage.

**Sec. 18.1-908.10. Signs prohibited in all sign districts.**

The following types of signs are prohibited in all sign districts:

(1) Any sign that impedes sight distance for a VDOT owned right-of-way.
(2) Any sign that obscures a sign display by a public authority for the purpose of giving traffic instructions or directions or other public information.
(3) Any sign, except official notices and advertisements, that is nailed, tacked, posted or in any other manner attached to any utility pole or structure or supporting wire, cable, or pipe; or to any tree on any street or sidewalk or to public property of any description.
(4) Any sign that is attached to or mounted on a roof or projects above the plane of the building façade. This shall include decorative roofs such as a mansard roof.
(5) Portable freestanding signs larger than twenty-four square feet or displayed for more than 60 days per year.
(6) Except for time and temperature, no sign shall display flashing or intermittent lights, moving signs, inflatables or other lights of changing degrees of intensity, brightness or color. The light from any illuminated sign shall not cause direct glare into or upon any building or property other than the building or property to which the sign may be related. Neither the direct nor reflected light from an illuminated
sign shall be located so as to create a traffic hazard to operators of motor vehicles on public thoroughfares.

(7) Off premises signs, other than those specifically permitted.

2. That this Ordinance shall be effective on January 9, 2019.

This ordinance was adopted on January 9, 2019.

Re: January 2019 Monthly Report

Utilities – 1156 bills were cut totaling $182,733.82

A/P – A total of 64 checks were cut totaling $120,287.66 for January 2019 bills.

Meals and Beverage Tax – 14 Businesses paid $37,247.59 in Meals and Beverage Tax for the month of December. In last month’s report I had stated that with McDonald’s closing for renovations that I expected us to lose roughly $22,000 in meals and beverage taxes. However, it seems that Hardees has taken on extra business with the closing of McDonald’s and we are not looking too bad.

Taxes – 2018 Vehicle License Fee bills were mailed out around October 26th. They were due by December 5, 2018. Dee mailed out second notices on January 7th. I will start bank liens this month once I complete my financials.

Investments – Sara and I met with Beau Blevins again regarding the VML/VACO investment options for the Town Funds. I did check with several banks on CD rates and the VML/VACO option seems to be the best option at this point. At the request of Mr. Watts I also checked with the new CD rates that Beacon Credit Union is currently offering new customers. However, per the Code of Virginia we can only deposit funds with banks on an approved list from the Treasury. That list does not include Credit Unions so we are unable to use Beacon for Town investments.

End of Year – All W2’s went out successfully. End of year and end of quarter tax reports were filed, and all payroll information was sent to the State and to the Social Security Administration.

Monthly Activities and Upcoming Highlights:

- First quarter Haloacetic Acid and Trihalomethanes results have come in and the Town has maintained a result below the 0.060 exceedance level for Haloacetic Acid, the current quarterly average is 0.026 mg/L. Trihalomethanes have also been trending down for the last four quarters below the limit level of 0.080 mg/L with a 0.039 mg/L average this quarter.
- We are continuing to have issues with lead results being over limit at a couple of the Towns sampling locations. But there is an overall downward trend and Staff continues to work on solving the exceedance issue. Staff met with Matthew Haun of the Virginia Health Department to review actions being taken. Mr. Haun was pleased with corrective actions having been taken and pointed out correlation’s with other localities and how the Town should see same corrective results they have.
- Please note that the Water Tank cleaning and inspection reports with recommendations have been digitalized and are available to be emailed to any councilor that would wish to review them. Also the videos of the tank cleaning operations can be reviewed at WWTP at your convenience. Please note the sound quality is not that good but the visual very good.

- Rain fall for the of January has decreased a little from the November and December 2018, as a result the 95% effluent flow limitation which is exceeded when the average monthly for is in excess of 0.380 MGD. January average flow was 0.337 MGD.
- All other aspects of WWTP operations have been pretty much normal.

The meeting was called to order by Ms. Carton at 5:15 p.m.  

Staff reviewed current and potential savings options for long and short term savings for the fund balances maintained in each account. Staff was directed to review upcoming projects and make a recommendation for how much can be placed in long term savings for each fund balance. Staff was also requested to find out the penalties for early withdrawal for long term options.  

Staff was requested to check on cd rates for Beacon and see if they would be a viable option for long term savings.  

Staff was directed to continue the current methodology on health insurance.  

Staff reviewed the possibility of changing financial software packages and was requested to get references for the proposed package.  

The meeting adjourned at 5:54 p.m.
COMMUNITY RELATIONS COMMITTEE
MINUTES

January 15, 2019
6:00 PM

Attendees: Sarah Ogden, Chairman and Janice Wheaton
Staff: Sara Carter

The meeting was called to order by Mrs. Ogden at 6:00 pm

The Amherst Mountain Biking Club made a presentation to the committee regarding the construction of trails on the property that is owned by the Town to the west of the industrial park, bounded by the railroad tracks and Rutledge Creek. Additionally, the club would like to hold a lease on parcel 96-5-8 at the industrial park for parking and a pump track for training and learning purposes.

The committee held a discussion with the club, including aspects of what should be included in the lease, the proposed schedule for consideration, and how to address construction and safety issues.

The committee plans to report back to Council at the February meeting, and request a public hearing for a lease at the March Council meeting.

The meeting adjourned at 6:48 p.m.
UTILITIES COMMITTEE
MINUTES

January 30, 2019
1:00 pm

Attendees: Ken Watts, Chairman and Kenneth Bunch
Staff: Gary Williams, Becky Cash and Sara Carter

The meeting was called to order by Mr. Watts at 1:00 pm.

The committee discussed the Preliminary Engineering Report Addendum prepared by Herb White regarding the improvements that he recommends at the Water Treatment Plant. The committee further discussed the debt load of the plant and what should be undertaken there. Finally, there was a discussion about source water and long term capacity.

Mr. White is coming to the Council meeting on February 13. The committee will provide a recommendation to the Council regarding potential funding through the VDH/ODW revolving loan fund.

The meeting adjourned at 1:33 p.m.
A meeting of the Town of Amherst Planning Commission was called to order by Vice Chairperson Clifford Hart in the Council Chambers of the Town Hall at 174 S. Main Street at 7:00 PM on February 6, 2019.

It was noted that one seat on the Planning Commission is vacant and that a quorum was not present as indicated below:

| A | June Driskill       | P | William Jones |
| A | Kevin Belcher       | P | Janice Wheaton |
| A | Ted Finney         | P | Clifford Hart |

Town Manager Sara Carter and Clerk of Council Vicki Hunt, in her capacity as Secretary to the Commission, were present.

**Special Use Permit for Brockman Building**

Town Manager Carter gave a report on an application received from Front Street Garage, LLC through its representatives Jay and Crystal Harris for a Special Use Permit for an auto and tire center at 488 S. Main Street (TM#95A56) zoned B-2. Jay and Crystal Harris were present to answer questions.

By consensus of the Commissioners present, a public hearing on the matter will be held at its meeting in March.

**Lease of 6.6 Acre Parcel In and 40 +/- Acre Parcel Adjacent to Brockman Industrial Park to Amherst Mountain Biking Club**

After noting that §15.2-2232 of the Code of Virginia indicates that no public utility facility, whether publicly or privately owned, shall be constructed, established or authorized, unless and until the general location or approximate location, character, and extent has been submitted to and approved by the commission as being substantially in accord with the adopted comprehensive plan or part thereof, and in connection with any such determination, the commission may, and at the direction of the governing body shall, hold a public hearing after notice, the Town Manager reported the Town has entered into a contract to lease a 6.6 acre parcel of land in Brockman Industrial Park and a 40 +/- acre parcel of land adjacent to Brockman Industrial Park (TM#s96.58, #96.1A3, and #96.A36) that would be suitable for biking trails.

By consensus of the Commissioners present, a public hearing on the matter will be held at its meeting in March.

**Capital Improvement Program**

Town Manager Carter gave a report on the development of the Town of Amherst FY19-20 Capital Improvement Program proposal, copies of which were distributed to the Commissioners. By consensus of the Commissioners present, a public hearing on the matter will be held at its meeting in March.
The meeting adjourned at 8:59 PM.

Buffalo River Watershed Initiatives

Watershed Initiatives:

Worked with landowners within the protected watershed to find conservation programs that fit their objectives on their land and protect drinking water sources. Three BRWS landowners are in the installation phase of their conservation projects (Kay-VACS, Duff–EQIP, Campbell-VACS)

Amherst Tree Buffer Program: Carried out maintenance on 6 projects. Received Chesapeake Restoration grant in the amount of: $ 1,950.40 and will have to decline funding.

Amherst Pollinator Buffer Program: Carried out site visits to 2 projects. Both sites’ winter cover crops (winter rye, Austrian pea) have germinated and are covering the buffer strip areas.

The buffer sign imitative will continue as planned with the previously established partnership between the James River Association, Amherst Parks and Recreation and the Amherst County Service Authority.

Checked Amherst County watershed property transfers that were completed by the Amherst real estate office this quarter, updated watershed address database and sent watershed booklets to watershed landowners.

Working with team on planning the Amherst depot pollinator garden project and participated in WSETs Heart of VA about the project.

All priority landowners actively installing their conservation projects have received their watershed conservation sign for their farm.

Upcoming:

I look forward to partnering with the Robert E Lee SWCD under my new position with the James River Association, since all of Amherst County and a portion of Appomattox County is within my region. Also, I hope that the District, Amherst County Service Authority and the James River Association can develop a partnership and mechanism for continuing to install buffers within the protected watersheds of Amherst County.

Mountain Bike Trail Proposal

Prepared for: Amherst Town Council, Amherst Town Industrial Development Authority
Prepared by: Alex Motley, Amherst Mountain Bike Club President, Carter Massie, Amherst Mountain Bike Club Vice President, Jason Buendorf, Amherst Mountain Bike Club Treasurer
December 12, 2018
EXECUTIVE SUMMARY

Objective
The installation of mountain bike trails in the Town of Amherst will enable local residents to partake in a greater amount of outdoor activities while helping the Town of Amherst to be a more noticeable destination for outdoor enthusiasts and adventure seekers. This noticed effort in outdoor program development will be rewarded by a greater amount of personal traffic in the Town of Amherst. This increase of people visiting the town will add notoriety and increase the potential for increased commerce and return visitors.

Goals
The Amherst Mountain Bike Club plans to build a family-friendly outdoor environment into a section of Brockman Business Park by way of mountain bike trails. This location will be specified by the Amherst Town Council and the Industrial Development Authority and we have previously discussed specific areas of interest.

Solution
The Amherst Mountain Bike Club is working towards implementing mountain bike trails into the Brockman Business Park by working with the Town Council and Industrial Development Authority of Amherst for this project's joint approval. Providing these mountain bike trails will give a solution to growing potential for an outdoor community in Amherst while increasing the amount of commerce in the Town of Amherst.

Project Outline
The scope of this project will be to build, maintain, and grow mountain biking trails in Brockman Business Park. The following is an outline for how this will be completed, pending approval:
- Discuss a suitable location for these trails to be placed and review proposed trail map.
  - This proposed location is a non-developable plot of land at Brockman Business Park, adjacent to the railroad and Rutledge Creek.
- Finalize the trail location and trail map.
- What additional steps that need to be taken for location finalization?
  - Land survey for an accurate property map
  - Locate any Environmentally Sensitive Areas
  - Final review of the proposed trail map
- Begin trail construction
  - Use volunteer groups for trail
- Additional construction services will be contracted on an as-needed basis.

Once trails are completed, the Town Council, Industrial Development Authority, and the Amherst Mountain Bike Club will assess how successful the trails are and move forward together in a manner that is beneficial to the community.
AMHERST MOUNTAIN BIKE CLUB

Situational Potential

If any town or local government is looking for growth in the economy, population, or recognition, the community must realize what it can offer that is specific to the region in which it exists. Two examples of realizing what the town can offer specific to its region could be beach towns and mountain towns. Beach towns can capture people’s love for the water, while mountain towns can draw people in with inspiring views and a chance to get away from the ever-increasing pace of life with a laid-back style. These are both popular for tourism because people come to enjoy the aspects of these places that make them unique, but the town is simply using it’s natural environment to cater to how people enjoy spending their time and money.

Amherst has the potential to add to the list of sites and features that makes the town and environment unique by adding mountain bike trails to the town. With the proper planning and execution of these trails, Amherst will be adding another valuable asset for tourists by giving people new and exciting reasons to come to town. By not capitalizing on what the town has to offer in regards to trail creation, we feel that Amherst will be missing out on a large and growing opportunity to provide outdoor activities between Lynchburg and Charlottesville, a seventy-mile stretch that does not have much to offer people in regards to trails and outdoor activities. Young adults and growing families are always looking for new ways to spend their time and outdoor recreation has seen large increase in the past three years. 15% of Americans, or 45.8 million people, participated in cycling, to include mountain biking, in the year of 2017.1

Vision

The Amherst Mountain Bike Club wants to successfully implement trails into the town of Amherst that will be a safe and family-friendly environment. We are advocates for a healthy and complete community through the enjoyment of mountain biking and trail creation. We have seen communities such as Bedford and New London build bike trails that are drawing more visitors every month. These people are going for bike rides, spending a Saturday afternoon in town, grabbing a bite to eat at a local restaurant, and going home to discuss their adventure with their friends. This is what we want to be happening in Amherst and can be right around the corner for the town.

The town of Amherst has a very consistent population when it comes to age. The average amount of people per age group between the ages of 20 and 75 in increments of 5 years is 125 people per age group.2 Any age group in this range can especially benefit from having trails in town because it is the most common age groups who seek

outdoor physical activity, with the surprising statistic that people tend to spend more time outdoors engaging in leisure activities and sports the older that they get.

Benefits

Bringing these trails into the town will have benefits that will be realized over the first few years of implementation and can grow as the trails expand. The first benefit will be for the local residents. As a club that wants to give to the community of Amherst, the Amherst Mountain Bike Club wants these trails to be a place that local residents can come to and enjoy through mountain biking and outdoor recreation. A benefit that both local residents and those who own businesses in the town will see is that mountain bike trails bring visitors to town. The mountain biking community is a very large, but tightly knit community that is always looking to find new trails to ride. These new trails mean towns to visit and explore. By offering new trails in an area and to continually improve on these trails will give a new and improving location for riders to come enjoy time and time again.

With an increased volume of people visiting town, it will directly benefit local shops and restaurants while giving the town an opportunity to grow in new ways. The Town and County of Amherst both have a lot to offer in regards to outdoor recreation. The outdoors of Amherst includes prime hiking on the Appalachian Trail, year-round fishing opportunities on local lakes and rivers, and one-of-a-kind mountain views when driving on the Blue Ridge Parkway. All of these local activities bring in many non-resident visitors, but none of them are very close to town. The mountain bike trail’s close proximity to town will make this outdoor feature unique in that shopping and restaurants are nearby, which is not the case for most other outdoor activities.

Deliverables

What the Amherst Mountain Bike Club plans to deliver is a mountain bike trail system that will promote an exciting and challenging environment for cyclists of varying ages and experience levels. The trails will range from beginner to intermediate with plans to add more advanced features in the future. The layout of these trails will cater to having small areas that can have benches for resting and observing scenic views of the land or the local Rutledge Creek.

With families in mind, the Amherst Mountain Bike Club plans to add a small track, commonly called a “pump track”, which can be used to hone mountain bike skills as well as be used for kids who want to get a feel for riding a bike on softer surfaces such as dirt while under close parental supervision. We think that this track would be best located beside a parking lot that would be placed onto the plot of Brockman Business Park that connects to the section of property that we are interested in developing. This would give families of small children a place to come to and enjoy a simple and safe place for kids to ride on a small dirt track. A gazebo or pavilion would an appropriate feature to have here for gatherings as well as light protection from the weather for families.
AMHERST MOUNTAIN BIKE CLUB

Longer term deliverables would be connecting trails to the town as well as local restaurants and breweries by continuing access through maintained sewer paths or working with local residents for access along property borders. This could allow for the town to have continuous trails from Brockman Business Park to Sweet Briar College by way of the newly proposed Town Park and Ambriar Plaza.

Success Criteria
The Amherst Mountain Bike Trails will be successful if the Town and the Amherst Mountain Bike Club feel that we have achieved our goal of providing a healthy and complete community through the enjoyment of mountain biking and trail creation. We want for the people of Amherst to have more recreational opportunities and to have another attractive feature for the town.

The Amherst Mountain Bike Club has motivated members who have been putting in many hours of work to make these trails successful. With proper planning and communication between the Amherst Mountain Bike Club, the Amherst Town Council, and the Industrial Development Authority, we believe that we will be able to get these trails up and running within the 2019 year. We believe that our success with these trails will be another success for the Town of Amherst.

Plan & Approach
With the approval from the Town Council, we will be able to begin working with local departments to ensure that the property has been surveyed properly and that we are respecting all environments that may exist on the chosen property. After these requirements have been approved and completed, trail work may begin. We have completed a map that roughly outlines the routes that we want to build.

(INsert MAP)

Our plan is to build trails on the ~40 acres of town property that exists on Brockman Business Park between the railroad and Rutledge Creek before the water treatment plant. We can place approximately 3 miles of trails into this section of property without crowding trails or getting close to any private properties that adjoin Brockman Business Park. Access is a small concern for us, as the hill leading up the paved road in Brockman Business Park is quite steep and will require a small footbridge as well as some switchbacks to make the hill more accessible. We would like to use the Water Treatment Plant as a service access to the trails for building and maintenance since this is currently the most approachable access to the property.

Trail building is most often done on a volunteer basis, and this is the platform that we plan to use for these trails. Our Vice President, Carter Massie, will be our lead builder for these trails and will be heavily involved in the design and planning aspects of these trails. Volunteer groups from the Greater Lynchburg Offroad Cyclists (GLOC),
Liberty University, and The University of Lynchburg will be asked for their volunteer help. Local residents or anyone else who is interested in helping or learning more about trail building are welcome to help out.

The main trails behind Brockman Business Park as well as a small parking area and a pump track will be our main goals for these trails and are what we will focus all of our attention on. We believe that these features will ensure a successful start to the trail system and will give the Amherst Mountain Bike Club a foundation to build on in the future.

Cost & Budget
The largest hurdle that we will cross with these trails is going to be funding. From surveying fees to small excavation projects and a potential bridge build, we realize that these trails will cost money. We are taking an unusual approach for our funding sources by starting a non-profit organization. The Amherst Mountain Bike Club currently has a "Non-Profit Pending" status and should be a full non-profit by the early stages of the approval process. The last thing that we want to do is to ask the Town of Amherst for a large sum of money to build these trails, and we also want to be able to function independently from larger mountain biking and trail associations.

While gathering donations from both private sources and larger companies, we plan to fund these trails as a non-profit. There are also many government grants that we will be eligible for that are specifically for outdoor recreation programs and trail building. This will help alleviate the financial investment that the town has in the trail system.

Economic Impact
Mountain bike trails can have a large economic impact on a community by increasing local jobs and transient interest. A study done on 11 U.S. cities showed that integrating mountain bike and multi-use trails into communities added an average of 11.4 jobs per 1 million dollars invested. This increase in jobs is mostly related to the tourism that outdoor recreational activities can bring to the community.

"The U.S. is currently experiencing high unemployment, unsustainable use of carbon-based energy, and a national obesity epidemic. All three of these problems can be partly addressed through increased walking and cycling. Providing pedestrian and cycling infrastructure for the purposes of commuting, recreation, and fitness, is arguably more important than ever before. In addition, this study finds that designing and building this infrastructure can also address the problem of unemployment, by creating jobs for engineers, construction workers, and workers who produce the asphalt, signs, and other construction materials."³

AMHERST MOUNTAIN BIKE CLUB

As an example on economic growth, we would like to use the Virginia Creeper Trail as an example of how a simple mountain bike trail can transform an entire town. From the months of November 2002 to October 2003, the Virginia Creeper Trail (VCT) saw an estimated 130,000 visitors. Locals accounted for about 61,503 visits (47%), while non-locals accounted for 68,669 visits (53%), while the majority of these visits were between the months of April and October, roughly 80%.

"Although access to the VCT is free, there is a substantial economic value that accrues to recreation visitors from access to the trail. Using conventional economic methods, it was determined that, on average, the net economic benefit to users of the VCT is between $23 and $38 per person per trip. These values can be aggregated across the estimated 100,870 primary purpose trips per year leading to an estimated range of between $2.3 million and $3.9 million in net economic benefits to VCT users." 

This is a rough outline of where we would like to build trails.

There are approximately three miles of mountain bike trails in this map.

Amherst Watershed Coordinator, Anne Marie Roberts, worked with landowners to protect designated watersheds in Amherst County.

Over the past 15 years, Roberts has worked with landowners within the protected watersheds of Amherst County to install conservation practices directly protecting the Town and Amherst County Service Authority’s drinking water supply at the source.

Since 2003, 19.5 miles of live-stock exclusion fencing has been installed in the protected watersheds through partnerships with the District’s Virginia Agricultural Cost-share Program, ACSA local BMP funding grant, Natural Resources Conservation Services and the National Fish and Wildlife Foundation.

Roberts also established the Amherst Tree Buffer Program in 2007. Volunteers assisted her with planting over 10,000 trees along 7 miles of waterways in Amherst County funded by forestry grants acquired totaling $47,253.00. In 2018, she developed the Amherst Pollinator Buffer Program which has helped two landowners install planted strips to help with source water protection and pollinator habitat.

She will be leaving the Robert E Lee SWCD and joining the James River Association. In her new position she will be managing JRA’s tree buffer program within the Middle James River Watershed, which includes Amherst County.

She looks forward to partnering with the Robert E Lee SWCD, Amherst County Service Authority and other local agencies on getting riparian buffers on the ground in Amherst County and keeping her relationship with the Amherst County Community which she has grown to adore.
THIS DEED OF BARGAIN AND SALE, made and entered into this 18th day of January, 2019 by and between **LAZY RIVER, LLC**, Grantor, and **TOWN OF AMHERST, a Municipal Corporation of the Commonwealth of Virginia**, whose address is P.O. Box 280 Amherst, Virginia, Grantee.

WITNESSETH

THAT for and in consideration of the Sum of Ten Dollars ($10.00), cash in hand paid, and other good and valuable consideration, the receipt of which is hereby acknowledged, the Grantor(s) do hereby BARGAIN, SELL, GRANT and CONVEY unto the Grantee(s), with GENERAL WARRANTY and ENGLISH COVENANTS OF TITLE, all the following described real estate, to-wit:

All that tract or parcel of land, together with the buildings and improvements, privileges, appurtenances, and easements thereto belonging and appertaining, being situated just beyond the limits of the Town of Amherst, in the Court House District, more fully shown and described as 7.010 acres, more or less, on that plat of survey dated January 11, 2019 prepared by James C. Mays, C.L.S., entitled "Plat Showing Reconfiguration of Lands Belonging to Lazy River L.L.C. Described in Inst. #170002480 & Inst. #170002481 A.K.A. T.M. #95-A-78A & T.M. #95-A-80 Respectively", said plat being attached hereto and recorded herewith in the Clerk's office of the Circuit Court of Amherst County, Virginia.
Being the same property conveyed unto Lazy River, LLC, a Virginia Limited Liability Company by deed dated August 15, 2017, from the Estate of Richard McKinley Wydner, Sr., by Richard McKinley Wydner, Jr., William Harold Wydner and John Landon Wydner, and recorded in the aforesaid Clerk’s Office as Instrument No. 170002481 and by deed dated August 17, 2017 from William H. Wydner and Patricia B Wydner and recorded in the aforesaid Clerk’s Office as Instrument No. 170002480.

This conveyance does not include and the Grantor herein reserves unto himself, his successors and assigns the 0.772 acre tract shown on the aforesaid plat as new Tax Map No. 95-A-80 that includes the dam.

Further this conveyance is together with and subject the following easements for right of way noted on the aforesaid plat:

1. 30’ statutory easement a/k/a Paved Road (Old State Route 660).

2. 5’ access easement on new Tax Map No. 95-A-78A for the benefit of New Tax Map No. 95-A-80 (0.772 acre tract).

3. 30’ statutory easement along Scott’s Hill Road (State Route T1129).

This conveyance is subject to all easements, covenants and restrictions of record constituting constructive notice thereof and legally binding thereon.

In Compliance with the provisions of VA Code Ann. §15.2-183 this deed is in the form approved by W. Thomas Berry, Town Attorney for the Town of Amherst, Virginia, and is accepted by him on behalf of the Town of Amherst, he having been authorized to so act on behalf of said Town by a resolution duly adopted by the Town Council of said Town at the meeting held on June 13, 2018, which approval and acceptance is evidenced by the execution of this conveyance by the said W. Thomas Berry, Esquire.
