2	We need townhomes for aging population	7/28/2022 7:14 PM
3	Do not turn us into another Lynchburg or Forest...grow infrastructure if you are growing population density	7/26/2022 6:51 AM
4	Utilize existing residential property through infill and mixed use. Thinking everyone wants a 100' wide lot and an acre to maintain is outdated thinking. Allow sharing of existing driveways and existing VDOT entrances for lot divisions. Extend sewer lines toward targeted development areas.	7/22/2022 1:51 PM

19	My recommendation is not build any new subdivisions. Most people live here to avoid larger towns and like the small town feel. Building a new subdivision will strain the current infrastructure and resources in this nice town.	7/11/2022 6:36 PM

9	Telephone / Electric Poles are placed right on sidewalks, which prohibits walking and riding bikes	7/20/2022 1:05 PM
10	The sidewalks have been vastly improved throughout the town. The winter can provide issues, however because the sidewalks are on the north side of the street and shaded by trees (good thing in the summer). Ice and snow are not removed in a timely fashion causing the sidewalks to be unusable. Even when someone chooses to clear the snow, often ice remains. People end up walking in the street, another danger in itself. The other concern with walking through town is pedestrian right of way, or lack of. Trying to cross Rt. 60 at the traffic circle can be challenging.	7/19/2022 12:34 PM

4	I love shade trees, but there are many places in town where trees and vines are taking over the powerlines. Please pass an ordinance allowing the town/power companies to cut any plantings which are underneath powerlines or growing into them. These lead to power outages and dangerous situations(and are not pleasant to look at.) 7	Expand sewage lines in Town	7/28/2022 7:17 PM
8	Plant shade trees along the sidewalks. Climate change is real, and we need to start preparing for hotter summers. Also, I know that this is a challenge, but you should seriously consider trying to bury some of the power/fiber lines in town. If we're trying to attract more businesses and residents, we need reliable power and the town needs to look nice. The existing utility poles and endless lines, particularly on Main Street, are an absolute eyesore.	7/27/2022 5:25 PM

34	We need more playgrounds for children and adults (swings). We desperately need a dog park. The field currently being used as a dog park is infested with ticks and isn't mowed often enough. Also with no fence there is a risk of dogs running away, being hit by a vehicle, or pets/people being injured. I have talked with several in our community, including both of my neighbors, who support this.	7/13/2022 12:44 PM
35	Where is Old Mill Park? I can't find it on the town map. And the town website is short on information like that (it's fine with trash pickup, etc. - but almost a big blank on the issues you are asking about here).	7/13/2022 9:38 AM

45	Not that I can think of. I am mostly concerned about child friendly facilities and accessibility for handicapped and elderly.	7/12/2022 10:56 AM
46	I would like to see some of the streets in the town (like Depot Street) regularly cleaned on the edges. Overgrown weeds line the roads and derelict properties make the area look very unattractive. It's also nearly impossible for vehicles to pass without driving through brush and potentially scratching the car. I think there are some "beautification projects" that should be considered.	7/12/2022 10:19 AM
